Nisha Saspal
Campaign Finance Analyst
Reports Analysis Division

Identification Number: C00034033

Reference: Amendment for August and September 2006 monthly reports, filed 7/23/07.

After inquiring with our software provider, Aristotle, again concerning the aggregation of specific events we were informed that the events indeed aggregate separately (we were originally told there is no provision for this in CM4), but not necessarily shown in order in the report.

In the amendment for our August 2006 monthly report there are 5 entries for Fundraising2; it is the first entry for this event - Campaign Solutions - which shows the total aggregate of \$ 17606.56 for this event.

In the amendment for our September 2006 monthly report there are 4 entries for Fundraising6; it is the last entry for this event - Event Rentals - which shows the total aggregate of \$ 3103.40 for this event.

Please contact us if you need further clarification.

Sincerely,

Doug Robertson, Treasurer
